LAS CRUCES AND MESILLA VALLEY

CRUCES PLANS FOR ANNUAL CONGRESS

Rio Grande Delegates Will Work for the Valley at Pueblo.

Las Cruces, N. M., Aug. 16.—The Las Cruces chamber of commerce held a meeting to discuss plans relative to the Mesilla valley having a good representation at the 18th National Irrigation congress, to be held in Pueblo, Col., this fall. A year ago at the congress held in Spokane, Wash., the delegates from New Mexico, Texas, Arizona and South Carolina pulled together throughout the entire congress for the south and the southwest. The delegates from these four states formed a combination, the purpose of which was to boost the country represented by them. With South Carolina supporting them the delegates from New Mexico, Texas and Arizona formed an organization which they called the Rio Grande Valley delegation, pledged to work continuously for the good of the Rio Grande valley. This idea has been kept alive during the past year and the meeting yesterday was called to further advance the plans and plans formulated by this delegation at Spokane.

The intention is to have a special train carrying these delegates from New Mexico, Arizona and Texas, the members of which delegations are to work for the common good of the entire district. This train and the Rio Grande delegation are not to be for any one district, but for the entire valley, and it is hoped by this cooperation to bring more particularly before the people of the United States the advantages of the irrigated southwest country.

Las Cruces, N. M., Aug. 16.—Thomas P. Gable, of Santa Fe, the territorial game warden, has decided that this would be a good place for a sanitarium. CHILD CAUSES BIG SCARE NEAR LAS CRUCES.

Las Cruces, N. M., Aug. 16.—Las Cruces experienced a big scare Monday when the report was telephoned from Dr. R. E. McBride's home that his little boy, Paul, aged 2 years, had fallen into the Las Cruces acequia and drowned. Dr. McBride was in town when the message reached him and within 20 minutes there was a searching party of 50 people, under charge of sheriff Lucero, patrolling the ditch. About two hours from the time the child disappeared one of the party discovered him just below the McClure place, muddy, bedraggled, and so

TO LOCATE JURISDICTION IN SHOOTING CASE.

Las Cruces, N. M., Aug. 16.—Sheriff Felipe Lucero and surveyor George Lynch are arranging to go to Nutt station on the Santa Fe's Silver City branch to locate the exact spot where Tom Hall is charged with killing the Mexican, Benavides. CRICKETS AND BUGS ARE PLENTY IN LAS CRUCES.

Las Cruces, Aug. 16.—Las Cruces is experiencing a plague of crickets and other bugs, although the crickets are in the ascendancy. It is impossible to keep them out of the stores and residences, screen doors and windows being no bar to their ingress. On the streets they get so thick, especially at night under the electric lights, that one steps on and kills great numbers. There was another such visitation eight years ago at the time of the big drought and it is believed that the long continued dry weather of this summer may have been responsible for the large number now here.

M., Aug. 16.—Jacobo Chavez, who has a ranch on the west side of the river, directly opposite Las Cruces, has a field of corn which has never received an irrigation this season and which is in fine shape and bids fair to make a big crop. The land is just along the river near the Pimlico mountain.

ON WEDDING TRIP.

Las Cruces, N. M., Aug. 16.—W. L. Follett, who is connected with a real estate firm in El Paso, and who was married there, has been in Las Cruces spending his honeymoon. He has been very quiet about the matter, thinking that his El Paso friends would fail to locate him.
